—Mr. Charles Carter has leased the oven at the bakery and will make bread and buns which he will sell from his cart at reasonable rates. Mr. Carter is an experienced baker who will carry on his business in a neat and orderly manner, and is a man who will deserve the patronage with which we have no doubt the public will favor him.

—Messrs. Webster & King had such good success in sending their packages of butter to the city markets last summer that they have obtained a patent on them under the name of the "Zero Shipping Package," and associated Mr. C. K. Young with them for the manufacture of the same. Messrs. Webster & King have been appointed their sole agent. The merits of this invention will be set forth in an advertisement next week.

—Bishop Bliss visited the parish of Zion church in this village on Tuesday morning last and confirmed three persons. At the annual meeting of this parish held on Easter Monday, April 17, the officers elected for the ensuing year were, J. C. Roberts, Sen. Warden, Ezra Benedict, Jun. Warden; J. C. Roberts, E. Benedict, F. A. Benedict, E. D. Cook, E. L. Wyman, Vestrymen; E. L. Wyman, Secy., Collector and Treasurer; J. C. Roberts and E. L. Wyman were elected as delegates to the Diocesan Convention.

—The Good Templars of Grant Lodge are to repeat the drama Wednesday, May 31, which was acted at the anniversary of the lodge, March 24. "The Stumbling Block," as the drama is called, came to give up his wife, with recitations, declamations, songs, quartets and instrumental music. The public are invited. Admission 15 cents.

—Rev. Marvin R. France has been appointed pastor of the Methodist society and is expected to hold service next Sabbath in place of Rev. Joel Martin, who has an appointment at Hinesburgh, for the present conference year.

—There will be a special communication of Adoniram Lodge, F. & A. M., on Wednesday evening, May 31. Work on the 2nd and 3rd degrees. The annual communication for the election of officers occurs on the following evening.

—We understand that Mr. Sanderlin, the photographer, has not yet moved his family here, and that he is yet undecided as to whether he will. If the community, by a liberal patronage, show that they wish him to remain, he will do so, otherwise he will have to leave. In consideration of the hard times, and to induce patronage and bring his work before the public, instead of raising his prices (as he had thought of doing, they were so low), he has concluded to reduce them a half dollar on a dozen. This inducement will not be guaranteed for more than two or three weeks.

—Rev. Mr. Eastman has gone to Bennington to-day to deliver the address at the Old Fellow's celebration.

—The following resolutions speak for themselves:
WHEREAS, On the 16th day of April, 1876, Rev. David Foster tendered his resignation of the pastorate of this church, to take effect on the second Sabbath in May next;

WHEREAS, The church, at a meeting held to see what action it was best to take upon said resignation, unanimously voted to request him to withdraw his resignation and remain pastor of the church; and

WHEREAS, He has been duly notified of said vote and has refused to withdraw his resignation, for the reason that he believes that in the future he can best serve the cause of Christ in other fields, and it is therefore against his conviction of duty to longer continue this pastorate. Therefore,

Resolved, That the church, deeply regretting the necessity of this action, hereby accept his resignation, and trust to him who orders all things right.

Resolved, That the Rev. David Foster, during the two years pastorate of this church, has earnestly and faithfully worked for the upbuilding of the Redeemer's cause, always manifesting a self-sacrificing spirit and true Christian fellowship and charity.

Resolved, That we as a church, esteem him an able, earnest and faithful minister of the gospel of Christ, and love him as a pastor and Christian brother, and that wherever the providence of God will, he may be called to labor, he will long have a place in our affections, and be remembered in our prayers.

The above is a true copy of resolutions unanimously adopted by the Baptist church of Manchester, Vt., at a full meeting of the members of the said church, held on the twenty-third day of April, 1876.

Mr. Estee is one of the most promising young men in our state. He is a graduate of the Vermont University and Newton Theological Institute. When he came to this church he found it badly discouraged, and surrounded by many difficulties. It had been without a pastor about two years, and was considerably in debt. He leaves it in excellent condition, the membership considerably increased, the debt nearly provided for and the members full of courage. We rejoice in his success, and regret his loss to the state. He goes to the city of Belfast, one of the important fields of Maine.

—A son of James McBride, aged seven years, fell backwards into a pan of boiling soap, Tuesday afternoon, and was fatally burned. He lingered in great agony until eleven o'clock, Tuesday night, when death put a end to his sufferings. The bereaved family have the heartfelt sympathy of the community.

—At the public examination of teachers, at the school house, on Saturday, the following ladies received certificates: Ida Wheeler, Ella Andrews, Martha Hallett, Della Leonard, Ella Bromley, Orville Hallett, Bertie Bromley, of Pawlet, and Nellie Derrick, of Arlington.

—At the annual meeting of Conference, the Rev. T. Marshall was appointed to take charge of the Methodist church in this place. Mr. Gilbert the former clergyman has retired from public service, owing to poor health. The new pastor preached his first sermon on Sunday last, April 23d.

—On Thursday last our streets were the scene of a disagreement between Ben Barker and Henry Taylor, the difficulty arising from a dispute over cards, Barker, by the aid of a stone and his dog, came off victorious, Taylor being bitten through the nose and hand. Barker was arrested, and Monday, May 1st, is the day appointed for his trial.

—General Addison Grant is visiting relatives and friends in this place at present.

REPORT.
—Beymour Harwood, youngest son of the late Joseph B. Harwood, died at his home in Rupert on the 17th day of April, 1876, after a somewhat protracted illness, in the 23d year of his age. The funeral services were held at his residence, on the 20th, and were conducted by the Rev. Mr. Herby, of Troy, N. Y. The sermon was a rare gem of consolation to the stricken family and friends, founded on the declarations and prophecies of St. Paul, in the 15th chapter of his first epistle to the Corinthians. Thus has passed away, cut down in the spring-time of life, one of our most quiet and estimable citizens, a loss which sorely impoverishes the community, and falls heavily upon his surviving mother, brothers and sisters.

PERU.
—Mrs. Samuel Stiles, the Town Superintendent of Schools, will hold a public examination of teachers, on Saturday, April 29th, at 9 o'clock, a. m., at the school house in district No. 4. All are cordially invited to attend.

SOUTH LONDONDERRY.
—That sweet time hoped for, we fear has passed for this year. About half the usual amount of sugar has been made.

—Henry Darling found a fox's nest a few days since, with six young ones, which he secured. Don't deface any postal cards trying to secure one or more; they are all disposed of.

—A very pleasant surprise party, to the number of 25, friends of one of our popular physicians, W. R. Woodward, assembled at the Dr.'s house, last Thursday eve. They made themselves at home, carrying with them the Bagatelle board, the parlor-croquet set, and the social snakes; and all went to work for a good time. The Dr. and his wife seemed to take it all very kindly, and strove to make the company happy. The Dr., with the assistance of H. D. Tyler, furnishing some most excellent music, much to the edification of all. At the proper time the cook-stove was taken possession of, and a sugaring-off party brought out, and then the snow. Ah! then we knew why they called it a surprise party, for it was surprising to see how that maple wax disappeared. We pleaded guilty to rendering all the assistance in that way we could, and will do so every time opportunity offers. Come on with your surprise parties.

SUNDERLAND.
—Plowing has commenced.

—Only about two thirds of the usual quantity of sugar was made this season.

—A new store at the Borough is talked of, by G. Bradley & Sons.

—Trout fishing has commenced. We have heard of several nice strings being caught. What has become of the fish and game clubs which were going to protect the trout?

—The following statement proves what we have heretofore asserted, that G. W. Bradley's steam mill, at this place, is one of the best, if not the best mill in the state. During the six days of the past week, running 9 1/2 hours per day and Saturday 9 1/2 hours, the mill cut 85,565 feet of lumber, or nearly an average of 15,000 feet daily. The cuttings were principally 1 and 1 1/4 inch flooring and small timber. The flooring is all made of uniform size like Albany lumber, 9 and 10 inches wide, and, of course, is sawed from small logs. The lath gang also cut an average of 95 bunches of 100 pieces each day. There was also shipped over 50,000 feet, and the boards and flooring were all squared and piled in good shape, and one planing and matching machine was run a good part of the time. The mill employs on an average 17 to 18 men and boys, the principle being A. L. Warner, superintendent; R. J. Walker, engineer; Ezra Meroux, sawyer; Samuel P. Meeker, log turner, and the lumber was taken away and tallied by Thomas Conlin. The lath saw was run by Clarence Gregory, Chas. Millett and John Bull. This amount of work was not done as a test of what the mill is capable of doing, but is a sample of what it does every week. It would be hard to find a better set of men in any manufacturing establishment in the state. All are steady, of good habits and men who do their work cheerfully and well, without profanity or grumbling. It is a model establishment of its kind.

BERLIN, N. Y.
—Nathaniel Green has offered his valuable farm, known as the J. B. Niles' farm, for sale. If not disposed of before, to be sold at auction, May 3d, at the dwelling house on the premises.

—Dr. Horton is slowly recovering under the care of Dr. Heman Horton, who appears to thoroughly understand his case.

—A five-year-old son of Geo. D. Niles had his thumb nearly cut off, while playing with some other boys, yesterday.

—Geo. Daniels, who, by the way, is deserving, has had a streak of luck, inasmuch that his uncle, Julius Daniels, has purchased him a farm, in Williams-town, Mass., of which he is about to take possession.

OLD CHATHAM, N. Y.
—The land slide on the railroad track one and one-half miles north of this station has been removed, so far as to admit of passing trains through the cut, one whole week, including Sunday, has been consumed in doing it. The very day this was completed, word was received that the Ashley hill summit cut was showing bad symptoms, and to-day the report is that the track through this cut is covered with mud two or three feet deep, which will require several days to remove. "Served them right," would be the verdict when applied to the company, as it was the expressed opinion of the managers, at the time the road was first put in operation, that the banks would slope themselves and thus save much labor. But as far as the business public are concerned it is a most serious inconvenience, occurring, too, at a time of the year when railroads are patronized more perhaps than at any other.

—Tree planting was observed last week by the inhabitants of this vicinity in the spirit of the recommendation.

At the school grounds the boys were called out to aid in the labor, that they might claim a personal interest in the work and have it to refer to in the coming time, as a pleasant remembrance of this centennial year.

A Case of Twenty Years' Standing.
From Mrs. Joseph Baker of Johnson, Vermont.

"I feel it my duty to make known to the world the wonderful efficacy of your WIFE'S BALSAEM OF WILD CHERRY. For twenty years I was sorely afflicted with phthisis, and previously to using the Balsaem was pronounced by the physicians incurable. Two or three bottles afforded me a good deal of relief, and as many more completely restored me; and for two years past I have not had the least return of that painful complaint."—50c. and \$1 a bottle. Sold by druggists.

It is Suicide in the third degree, if not worse, to suffer a cough and cold to culminate in consumption, when a single bottle of HALL'S HONEY OF HOREHOUND AND TAR, taken in time, would effect a perfect and permanent cure.

Fike's Toothache Drops cure in one minute.

The People Want Proof.

There is no medicine prescribed by physicians, or sold by druggists, that carries such evidence of its success and superior virtue as Roschee's German Syrup for severe coughs, colds settled on the throat, consumption, or any disease of the throat and lungs. A proof of that fact is that any person afflicted can get a sample bottle for 19 cents and try its superior effect before buying the regular size at 75 cents. It has been lately introduced in this country from Germany, and its wonderful cures are astonishing every one that uses it. These doses will relieve any case. Sold by Wall & Hard, Manchester, and V. Grover, Factory Point.

Children cry for Castoria. It is as pleasant to take as honey, and is absolutely harmless. It is sure to expel worms, cure wind colic, regulate the bowels and stomach, and overcome irritability caused by rash or cutting teeth. It is a perfect substitute for Castor Oil, and for Constiveness in young or old there is nothing in existence so effective and reliable.

The latest, greatest, and most reliable remedy ever put together by medical science for Rheumatism, Wounds, Swellings, Burns, Caked Breast, &c., is the Centaur Liniment. There are two kinds. The family Liniment is for the human family, the Yellow Centaur Liniment is for sprained, lame and strained horses and animals.

SPECIAL NOTICES.

Masonic.

The next Regular Communication of Adoniram Lodge, F. & A. M., will be held on Thursday evening, April 27, 1876, at Factory Point.
